Ideation Phase
Empathize & Discover

Date	31 January 2026
Team ID	LTVIP2026TMIDS36686
Project Name	Project – Strategic Product placement Analysis: Unveiling Sales Impact with Tableau Visualization

Empathy Map Canvas:

An empathy map is a simple and easy-to-understand visual tool that captures the behaviors, thoughts, feelings, challenges, and goals of a user. In the project "Unveiling Sales Impact with Tableau Visualization", the empathy map helps the team understand the needs of business managers, sales managers, and marketing analysts who rely on sales data to make decisions.
